For Modern and Efficient Ice Merchandising

The INDEX Line

SUPPLIES

Comparing 1948 service to 1947, we will be able to furnish a much wider variety of tools and supplies and give more efficient service than has been possible for us during the last two or three years. There will be an occasional shortage of critical items; there may still be an advance in prices here and there, but conditions are rapidly changing for the better. We anticipate henceforth a steady flow of quality merchandise at stabilized prices. Our aim of listing only High Quality Merchandise and rendering the most efficient service possible still stands. We hope that during 1948 you may have occasion to use this catalog frequently. We sincerely hope we have the pleasure of serving you.

PRICES

Prices are net. Due to conditions beyond our control, prices must be subject to change without notice. Orders will be accepted only upon our ability to make shipment, and are subject to the prices in effect at time of shipment.

RETURN and EXCHANGES

WE WILL NOT accept merchandise returned without our permission. Before returning merchandise always notify us, itemizing the materials and giving date of our invoice number and then await our instructions.

TERMS

To firms satisfactorily rated in Dun & Bradstreet's Credit Reference Book, or with satisfactory references, our terms are 30 days net. To all other firms our terms must be C.O.D. or cash with order. To expedite incoming C.O.D. orders they should be accompanied with a remittance equal to 25% of the total order. All orders sent in by ice firms residing in Canada should make all accounts payable by New York draft.

ORDERS

Always state the name and the catalog number of articles desired. We carry adequate stocks on hand to make immediate shipment, but due to circumstances beyond our control it is not always possible to make immediate shipment. If immediate shipment cannot be made we will endeavor to state as accurate a shipping date as possible. All claims for shortages or damage must be made within ten days after receipt of the shipment. Check goods carefully upon arrival. No claims will be allowed after goods have been used.

SHIPMENTS

Always state how you wish the goods shipped, whether by freight, truck, Railway express or parcel post. If no particular choice of transportation is made, we will use our best judgment. All transportation charges are made F.O.B. LaPorte or the factory from which shipment is made. We do not prepay carrying charges unless specified on order. If the transportation charges are prepaid they will be added to the invoice. All parcel post charges are added to the invoice.

How to order

These handy Order Blanks are for your convenience in ordering by mail. Folded twice they will fit any standard size envelope. You may also use your regular Purchase Order form, but be sure to include following information:

1. Name and complete address.
2. Catalog number on each article ordered.
3. Quantity and full description of each article, including sizes, etc.
4. Shipping instructions.
5. Whether shipment is to be made Prepaid, Charge or Collect.

Payment

If you have NO OPEN ACCOUNT, enclose remittance with your order. When ordering shipment by parcel post or other prepaid transportation, include postage with your remittance. (See Parcel Post Rate table).

Except for Parcel Post Shipment, add 3% Federal Tax to cost of shipping. Also enclose a sufficient amount to cover your local tax, if any. We will promptly refund you any overpayment. (If you have AN OPEN ACCOUNT and do not specify method of shipment, we will ship best way.)

Local Taxes

If you are subject to a local or state tax, be sure to include a sufficient amount to cover this item.

SHIPPING INFORMATION

Parcel Post

Packages weighing up to 70 lbs., and measuring not more than 100 inches around the combined length and girth (distance around at widest point), can be sent by parcel post. Consult Parcel Post Rate table in figuring amount of your postage. On shipments weighing over 8 ounces, postage rates are figured on the next highest full pound.

Post Office Money Order Charges

The Post Office makes the following charges for Money Orders, regardless of where they are purchased.

Amount	Charge	Amount	Charge
Up to \$ 2.50.....	6c	\$20.01 to \$40.00.....	15c
\$ 2.51 to 5.00.....	8c	40.01 to 60.00.....	18c
5.01 to 10.00.....	11c	60.01 to 80.00.....	20c
10.01 to 20.00.....	13c	80.01 to 100.00.....	22c

For amounts above \$100, purchase additional Money Orders at the same charges as shown above.

Parcel Post C.O.D. Fees

On parcel post C.O.D. shipments, in addition to the price of the merchandise and regular parcel post charges, we will bill you for the C.O.D. collection fee which we are required to pay the Post Office, as follows:

Amount Due	Fee	Amount Due	Fee
Up to \$ 2.50.....	15c	\$25.01 to 50.00.....	40c
\$2.51 to 5.00.....	20c	50.01 to 100.00.....	50c
5.01 to 25.00.....	30c		

In addition the Post Office collects a Money Order fee for forwarding the total amount to us.

PARCEL POST RATES

The table below gives the parcel post rates for distances up to 1,000 miles from shipping point. If in doubt about your parcel post zone, consult your local Post Office.

Zones	1-2	3	4	5
	Up to 150 Miles	150 to 300 Miles	300 to 600 Miles	600 to 1,000 Miles

DESIGN DIV. 1

"INDEX" ADVERTISING ICE PICKS

These Picks Will Save You Money, Give Better Service and Lasting Satisfaction

PRECISION GROUND BLADES

Top quality steel, precision ground to a keen $2\frac{1}{2}$ " taper. Index blades are tempered to an equalized hardness throughout, just right for long wear.

NATURAL HARDWOOD HANDLES

Uniform sized handles are dipped in a clear, glossy lacquer and baked in ovens to a hard finish that protects printing.

FERRULES

Heavy nickel-plated ferrules are driven securely on handles and then pierced to grip handle tightly.

PRINTING

The advertising imprint is embedded or pushed in the wood. In this way imprint stays on handle much longer. One or two colors can be had at same price. Colors are red on two sides and black on two sides.

EWARD'S TONG BAGS

Top View
Standard 50-lb. Bag

Made of No. 6 Grade A duck, dry treated and waterproofed. Does not rub off on clothing. Harness leather handles on end. Napa leather on top rim of the 75-lb. and 100-lb. bags. Corners and bottom reinforced with Napa leather. Ice is held as secure in the Tong-Bag as when the regular ice tongs are used. Quick to load. Just drop over the top of the ice in truck, and tip the bag over upon the shoulder. Bottom stays dry and keeps the iceman dry and clean. Messy floors are eliminated when using the Tong-Bag.

	Each	Dozen
No. 50—Tong Bag— 50-lb., 11"x18"x9"...	\$4.65	\$55.20
No. 75—Tong Bag— 75-lb., 11"x22"x9"...	5.85	69.60
No. 100—Tong Bag—100-lb., 11"x24"x9"...	6.05	72.00

The EWARD TIP-TOP TONG-BAG with Flap

TIP-TOP NO. 30

This style is exactly the same as No. 31, except that it does not have the auxiliary handles in the top rim. This style is thoroughly efficient for handling 100-lb. ice blocks, but is not quite so adaptable to the smaller ice blocks.

	Each	Dozen
No. 30	\$6.15	\$72.40
No. 31	6.30	74.00

TIP-TOP NO. 31

The feature of this style is the addition of the flap, which is designed to rest on the refrigerator sill when loading. The tongs in upper edge of the bag rim give deliveryman opportunity to grip the ice as it slides in and control its sliding into the compartment.

SHOULDER STRAP STYLE DELIVERY BAG

Has one handle longer than the other so bag may be comfortably carried on the arm or shoulder. These bags are made of waterproofed and mildewproofed duck and have double bottom boot for long wear. Handles are made of heavy webbing, 1 1/2 in. wide, and completely encircle bag. Side walls are 7 1/2 in. high, and bag can be used also for crushed ice.

No. 225
No. 6 khaki duck
12"x15"
Each \$5.75

The INDEX Line

CANVAS CRUSHED ICE BAGS

"STAGBRAND" METAL BOTTOM CRUSHED ICE BAGS

NON-REMOVABLE
BOTTOM

Heavy metal bottom, rim rolled and crimped over the bag to make an absolutely secure connection. Bottom of rust-proofed steel, heavy gauge, top quality. Canvas is high grade No. 6 army duck close woven and thoroughly waterproofed. No-fade canvas is pre-shrunk fast color dyed. If desired the same handles as those used on No. 500 bag can be supplied. They are of tough webbing, reinforced with a leather patch and riveted and sewed to the canvas side of bag.

REMOVABLE
BOTTOM

Bag has detachable metal bottom so that new tops may be added when necessary. Rope bound hem in bottom of canvas. Rustproof metal band slips over hem, securely holding top, and is fastened with two brass screws into the heavy 18-gauge metal bottom. Heavy 21.25-oz. duck thoroughly dyed and waterproofed in fast color. New style "Grip-It" bottoms give iceman a perfect hand-hold for emptying the bag. If handles are desired, extra charge is 45c per handle.

No. RR-500—50-lb. size	each \$3.30	No. 500—50-lb. size	each \$5.00
No. RR-1000—100-lb. size	each 4.55	No. 1000—100-lb. size	each 5.70

CANVAS BOTTOM CRUSHED ICE BAGS

All-canvas bags are preferred by many because they are much lighter. The bags listed below have been used for several seasons and we have hundreds of customers who have given us many repeat orders. They are famous for wear and are easy to handle. Two styles are shown below.

The "E-Z Kari"

A popular design with round bottom that is easily filled and carried. The 100-lb. bag has handles of strong webbing on each side that greatly facilitates the handling of ice. The 50-lb. bag has no side handles. If handles are desired on 50-lb. bag an extra charge of 45c is made.

Round
Bottom

Double
Bottom

Very strong 18-oz. army duck, thoroughly waterproofed and color will not rub off. Double bottom boot extending well up sides of bag. All seams stitched inside the bag, no ragged seams to show. Rust-proof grommets and high quality sash cord.

No. 555—E-Z Kari Bag—50-lb. size	each \$2.65
No. 550—E-Z Kari Bag—100-lb. size	each 3.65

The "Pontoon"

A cleverly designed square bottom bag that is easily filled and carried. Has double bottom boot. The 100-lb. bag has side handles. The 50-lb. bag has no side handles. If side handles are desired on 50-lb. bag an extra charge of 45c is made.

Square
Bottom

Double
Bottom

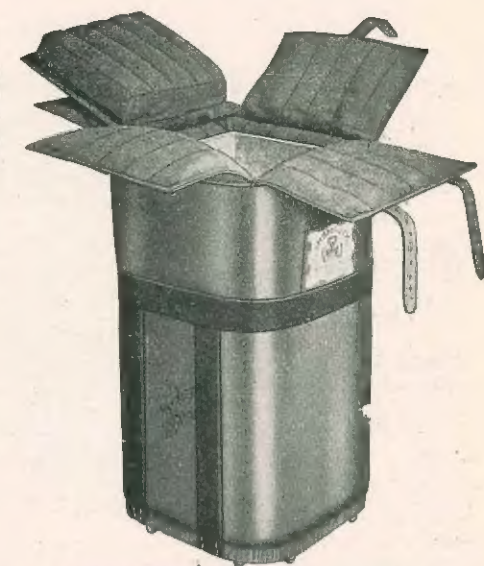

When furnished, the heavy web carrying handle on the side of the bag is securely fastened with a rivet, sewed and reinforced with leather. Double bottom boot, made of inner canvas liner and pontoon rubber. All seams stitched inside the bag, no ragged seams to show. Rustproof grommets and high quality sash cord.

No. 109—Pontoon Bag—100-lb. size	each \$4.00
No. 1095—Pontoon Bag—50-lb. size	each 2.95

CUBE CONTAINERS AND PACKERS

SHAMROCK SHIPPER

Built from very heavy canvas. Is built with double layer on outside for strength. Has 2-inch cork insulation in sidewalls. Also has double wood bottom Shipper is watertight.

NIAGARA CUBE DRUM

Galvanized steel drum with metal bound bottom and top-rim. Guaranteed against leakage with reasonable care.

1 Bushel Size

GALVANIZED ICE BASKETS

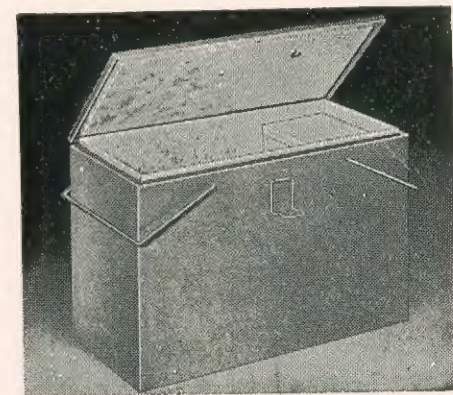

No. 750—Niagara Drum...	\$2.75	These durable steel baskets will hold 50 lbs. of crushed or cubed ice.	No. 2—1-bushel size	each \$20.00

No. 323—Cooler-Pac..... \$8.75

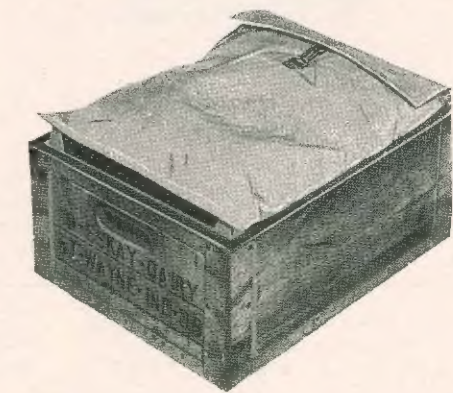

CRUSHED ICE BAGS FOR MILK CASES

Dairies Praise Their Efficiency

There is considerable market for crushed ice among dairies for use in delivery trucks to keep milk cool while on the route after leaving the dairy. These bags provide the ideal method—just fill and lay on cases. Many dairies are using these bags and find them economical and efficient.

Increase Your Profits

You can furnish the bags yourself to get the cracked ice business, or you can sell the bags to the dairy and charge them so much for the crushed ice to fill them.

Right Size to Fit Over Milk Case

This crushed ice dairy bag is made to hold 12 1/2 lbs. of broken ice. It is built to fit exactly over a case of milk bottles.

Sturdily Constructed

Bag is sewed with strong thread, lock stitched. Has snap on cover flap which fastens into ring sewed down on side of bag. It is strongly reinforced with very heavy canvas where snap and ring are sewed to bag.

Prices:

Milk Case Bags...lots of 50	\$32.50

The INDEX Line

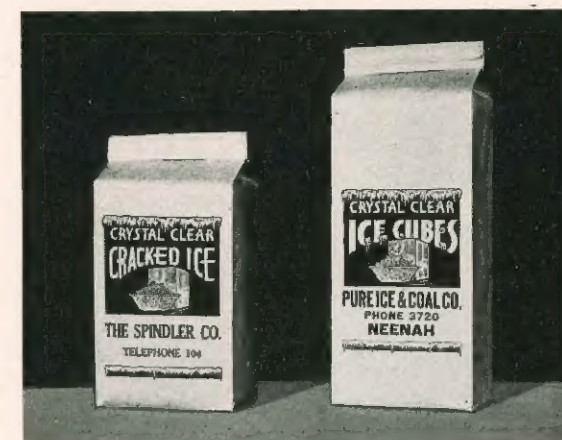

"INDEX PAPER BAGS"

FOR CRUSHED AND CUBED ICE

The Efficient Way to
Pack Cubes

This bag makes a clean-appearing container for ice cubes, and can be filled and handled much easier than the out-moded and expensive cartons usually used. It is really a double bag as the outside is made of light tan dry-oiled kraft, very tough and strong. Has liner bag made of a new patented waterproof paper. The bag has square corners and a folded bottom.

No. 072 Holds 72 Cubes
or 9 Lbs. Cracked Ice

Has Replaced Cumbersome
Cube Cartons

This bag is excellent for packaging cracked ice as well as ice cubes. At present we are able to offer these bags equipped with the very convenient metal ties. These wire ties while reducing the tying time to a minimum, also makes the neatest container obtainable. When ordering bags to be printed, please specify whether "Ice Cubes", "Cracked Ice" or "Sized Ice" is desired.

No. 096 Holds 96 Cubes or
12 1/2 Lbs. Cracked Ice

STRONG KRAFT BAGS FOR CRUSHED AND SIZED ICE

RHINO-KRAFT PAPER BAGS

These bags are vastly superior to any bags on the market at anywhere near the price. Has tough Rhino-Kraft outside, with liner of 34-lb. Waxed Super-kraft. This bag has flat or satchel bottom construction, and all the seams are strongly cemented. Only by buying in very large quantities are we able to quote these low prices. These bags have been on the market for several years now and they have given great satisfaction wherever used.

LITTLE GIANT ICE BREAKERS

A Complete Line For

HOTELS - RESTAURANTS - TAVERNS - PACKING HOUSES - ICE COMPANIES

Gasoline Power Truck Models

Gasoline Driven Model WP-92 (Adjustable)

Hopper Opening—8 5/8" x 12".

Capacity—175 to 225 lbs. per minute.

Dimensions of machine exclusive of vertical mounting irons—22 1/4" high, 43" long, 20" wide.

Height floor of truck to top of hopper—46" max., 41" min. Can be adjusted to either height.

Clearance under machine to floor of truck—24" max., 19" min. Can be adjusted to either height. 24" height provides clearance for loading cakes of ice under the machine.

Chipping Picks—9 on cylinder, thread size 5/8", overall length of picks, 4 1/8".

Engine—Briggs & Stratton type, 4 cycle, 1 1/4 H.P., air-cooled, 6 to 1 gear reduction, oil-bath air-cleaner, muffler, quick starting.

Weights—Net 370 lbs., shipping 450 lbs.

Black finish outside, grey inside, penetrating rustproof coatings. Ice Sizes—Pea to chestnut run, up to 4 1/2" chunks.

Model WP-92—F.O.B. factory \$230.00

11 Exclusive Features:

Positive Chain Drive—Silent, heavy-duty, provide positive transmission of power.

Rotary-Type Adjustable Grate—Instantly adjustable, no loose eccentrics or cams to shake and rattle.

Six to One Gear Reduction in Engine—Reduced speed of output shaft reduces wear of chain and pinions.

Briggs & Stratton Engine—Surplus power, 4-cycle. Quick starting, economical, air-cooled, moisture and dustproof.

Efficient Air-Cleaner—Oil-bath type, can be quickly dismantled for cleaning.

Quiet Operation—Cylinder-type, press-formed muffler guards against excessive operating noises.

Two-Piece Housing—Semi-steel ruggedly cast, no complicated plate-and-bolt assemblies to jar loose or shake to pieces.

Adjustable Hinges—Permit close bearing adjustment, enables hopper to be swung open for easy access.

Universal Mounting Irons—For application to all types of trucks. Can be bolted to inside or outside.

Split-Type Bearings—Die-cast, anti-friction, interchangeable and adjustable to take up wear.

Patented Diamond Point Picks—Scientifically designed, double-cutting, insure cleaner broken ice.

Gasoline Driven Model WP-76 (Adjustable)

Capacity—75 to 125 lbs. per minute.

Hopper opening—8"x8".

Dimensions of machine exclusive of vertical mounting irons—18 3/4" high, 37 1/2" long, 15 1/2" wide.

Height floor of truck to top of hopper—41 1/4" max., 36 1/4" min. Can be adjusted to either height.

Clearance under machine to floor of truck—22 3/4" max., 17 3/4" min. Can be adjusted to either height. 22 3/4" height provides clearance for loading cakes of ice under the machine.

Chipping Picks—9 on cylinder, thread size 7/8", overall length of picks 2 1/2".

Engine—Briggs & Stratton type, 4 cycle, .85 to 1.16 H.P., air-cooled, 6 to 1 gear reduction, air-cleaner, muffler, quick starting.

Weights—Net 192 lbs., shipping 250 lbs.

Black finish outside, grey inside, penetrating rustproof coatings.

Ice Sizes—Rice to chestnut run, up to 3" chunks.

Model No. WP-76—F.O.B. factory \$160.00

POWER-DRIVEN ICE BREAKERS

TO PRODUCE FINE OR COARSE ICE AS DESIRED

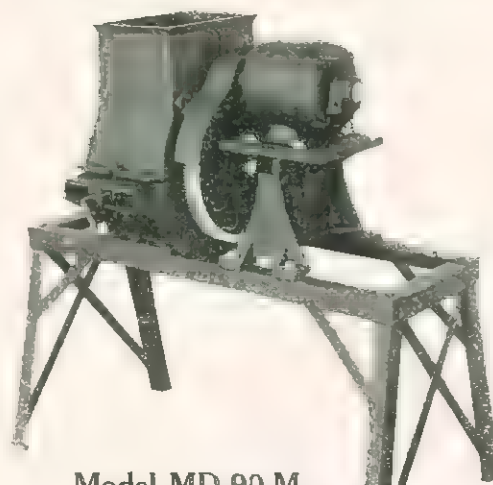

Capacity up to 6 Tons per Hour

A FAST, EFFICIENT ICE BREAKING MACHINE

It is an established fact among users that the Little Giant Ice Breakers are the most effective and durable, therefore the most profitable to use. They have the advantage of patented diamond point double cutting picks, which give greater capacities. And these picks are "so easy to remove and replace," because they are fastened in the drum with automobile lock washer and nut.

Little Giants will outlast the ordinary machines many years due to the two-piece housing construction which cannot shake to pieces.

Little Giant leadership is as real as it is deserved. Wherever BROKEN ice forms a part of any business, this machine will cut costs and increase production. Stationary back grate prevents ice from falling through behind cylinder and insures uniformity.

Model MD-90-M

Prices F. O. B. Factory

Price (without motor) \$148.00

Customer can mount motor without difficulty. Motor pad is adjustable for all types of $\frac{3}{4}$ and 1 H.P. motors. We always furnish the rawhide pinion for motor shaft. Pinion has $\frac{3}{4}$ " bore and $\frac{1}{8}$ "x3/32" keyway.

CRANK ADJUSTMENT FOR SIZE OF ICE

This ice breaker will produce any size of ice, ranging from small pea to chestnut, up to $4\frac{1}{2}$ -inch chunks. Here's the idea: With grate in close to cylinder, small pea to chestnut run; grate $1\frac{1}{2}$ inch away from cylinder, chestnut to walnut; grate 1 inch away from cylinder, hickory nut to hen's egg; grate clear back, up to $4\frac{1}{2}$ -inch chunks.

Specifications:

Hopper Opening: $8\frac{1}{2}$ "x12".
Capacity: 150 to 200 lbs. per minute.
Height: $45\frac{1}{2}$ ". Floor to cross-rails. 23".
Floor Space: 27 "x42".
Chipping Picks: 9 on cylinder; overall length, $4\frac{1}{8}$ ".
Motor Required: $\frac{3}{4}$ H.P.; 1750 R.P.M.
Weights without Motor: Net, 339 lbs.; shipping, 430 lbs.
Finished with black penetrating rustproof paint.

MOTORS

Listed below are the only motors we can furnish at the present time. To avoid delays and mistakes, please be sure of power characteristic (voltage, phase and cycles). It would be well to check these with your power company before ordering your motors.

HARDWARE FOR COOLER DOORS

Special Note: Finishes on all items available at this time are Hot Galvanized, Electro Galvanized and Parkerized Finish. All the above finishes are accepted and approved as they meet government specifications in every respect.

No. 1—FCS HINGES

Good heavy ball-bearing hinges with 21 in. strap iron blade, 1/4 in. thick. Mounted on cast iron butts, taking 3/8 in. lag screws. Blade takes No. 16 OH screws. Cadmium plated. Made flush up to 1 1/4 in. offset. Weight, 16 lbs. per pair. Specify offset.

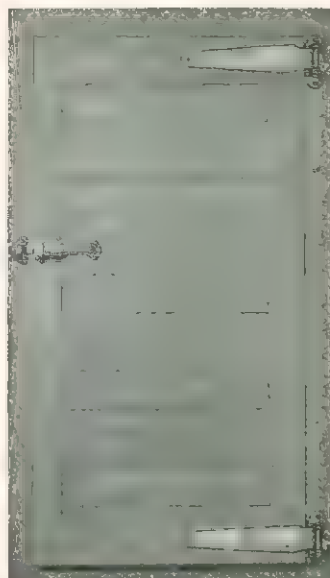

No. 1—FCS Hinges, pair.... \$9.00

No. 3—FCS HINGES

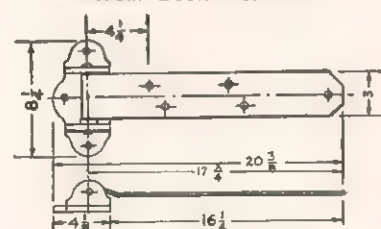

Very heavy ball-bearing hinge with 28 in. strap iron blade, 1/4 in. thick. Mounted on cast iron butts, taking 3/8 in. lag screws. The blade takes No. 20 OH screws. Cadmium plated. Made flush up to 1 1/4 in. offset. Weight, 19 lbs. per pair. Specify offset.

No. 3—FCS Hinges, pair.... \$12.00

Showing Cooler Door Fitted with No. 1 FCS Hinges and Universal Lock No. Z-326

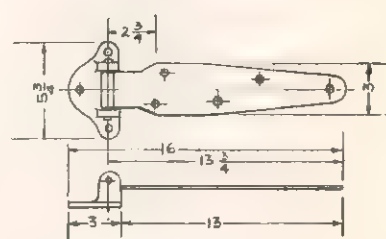

No. 2—CS HINGES

Medium weight hinges, ball-bearing, with 18 in. strap iron blade, 3/8 in. thick. Cast iron butts and blade both take 3/8 in. lag screws. Cadmium plated. Made flush up to 1 1/4 in. offset. Weight, 12 lbs. per pair. Specify offset.

No. 2—CS Hinges, pair.... \$6.10

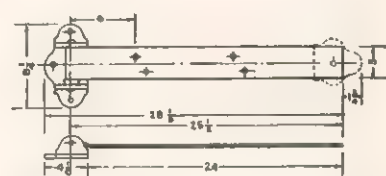

No. 2—FCS HINGES

Light hinges giving fine service on doors that are not too heavy. Has 14 in. blade, 1/8 in. thick, cast iron butts taking 3/8 in. lag screws. Blade takes No. 14 OH screws. Cadmium plated. Made flush up to 1 1/4 in. offset. Weight, 5.6 lbs. per pair. Specify offset.

No. 2—FCS Hinges, pair.... \$5.50

No. 3—CS HINGES

Medium weight hinges, ball-bearing, with 26 in. strap iron blade, 3/8 in. thick. Cast iron butts and blade both take 3/8 in. lag screws. Cadmium plated. Made flush up to 1 1/4 in. offset. Weight, 15 lbs. per pair. Specify offset.

No. 3—CS Hinges, pair.... \$9.35

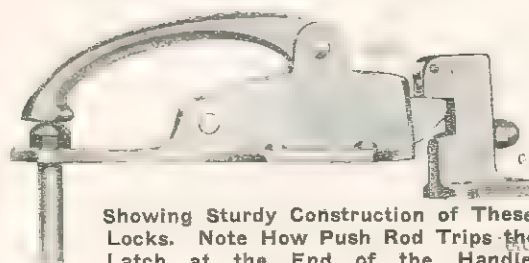

UNIVERSAL COOLER LOCKS

SERVICE MODEL

Hot Galvanized Finish

Made of malleable iron. Push rods extend through door to open from inside, adjustable for door thickness. Roller keepers adjustable 1/4 to 1 1/4 in. Specify offset needed above 1 1/4 in. Drilled for No. 16 OH screws. Weight, 6 lbs.

No. Z-329—Universal Lock.\$9.35

Showing Sturdy Construction of These Locks. Note How Push Rod Trips the Latch at the End of the Handle.

HEAVY DUTY MODEL

Hot Galvanized Finish

Made of malleable iron. Push rod extends through door to open from inside, adjustable for door thickness. Roller keepers are adjustable to 2 in. Specify offsets needed between 1 1/4 to 2 in. Drilled for No. 16 OH screws. Weight, 10 lbs. per pair. Overall length, 13 3/4 in.

No. Z-326—Universal Lock.\$12.65

REFRIGERATOR TRUCKS AND SUPPLIES

REFRIGERATOR TRUCKS

Made for Safety and Ease of Handling Electric Refrigerators, Parlor Heaters and Other Articles Too Large to Carry

No. 1937—REFRIGERATOR TRUCK

The feature of this truck is two small extra wheels, which give even distribution of load. Only small part of actual load is ever carried by the trucker or operator. When tipped back load will balance on ALL FOUR wheels with positive safety. Two 12-ft. web straps; two Durex self-lubricating 4-in. molded rubber wheels; two 8-in. molded rubber wheels, with roller bearings; strong 64-in. hardwood handles; heavy pile fabric-covered parts for protection of refrigerator. Weight, 80 lbs.

No. 1940—SIMPLICITY TRUCK

Weighs only 38 lbs. Perfectly balanced; mounted on solid rubber wheels; 56-inch handles; 23 inches wide. Nose 5 inches long, covered with rubber. Felt-covered boards in front. Two 12-foot straps.

THE HANSON SNAP-ON ICE CHIPPER SCABBARD

The Hanson Snap-on Ice Chipper Scabbard enables the routeman to carry a chipper with him in perfect safety. This scabbard is built of first class material and will hold either a 5-point or 6-point chipper, and can be worn on either the right or left side.

To release the chipper, all the routeman has to do is to pull up firmly on the flap, and unsnap two of the snap fasteners on front side. The scabbard is made of durable cowhide. The scabbard is 4 1/2 inches square. Four rust proof snaps hold the ice chipper in place.

No. 247—Hanson Snap-on Scabbard

Each\$ 1.50
Dozen 16.50

(See Chippers on Page 10)

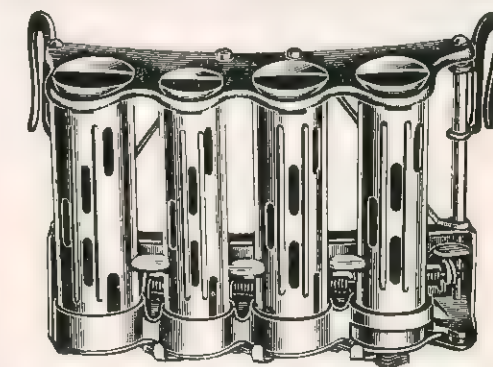

SAM BROWNE SHOULDER PAD

This pad is designed especially for use in carrying ice bag on the shoulder. Heavily lined with fleeced lambskin lining, shaped to fit on shoulder perfectly. It is furnished with black leather straps, adjustable for any size man, and will hold pad firmly in place, yet allow all freedom of movement. This shoulder pad gives a swanky appearance and furnishes a uniform effect. The black leather straps are looped at the ends to accommodate trouser belt.

"PACKAGED ICE" DISPENSER

Automatic - Temperature Controlled
FOR CUBES - SIZED ICE - CRACKED ICE

The Ideal Way to Merchandise Ice

Merchandise Ice Cubes the "packaged way" in this newly-developed Dispenser, tailored to the ice man's product. This Dispenser makes it possible for the ice manufacturer to merchandise his product (ICE) in stores, hotels, and other places that heretofore have been impossible to do so because of the perishable nature of his product. Sell your ice the "packaged ice" way in this new reach-in display freezer.

15 Outstanding Features

- Constant Temperature
- Thermostatically Controlled
- Stainless Steel Construction
- Modern in Design
- Eye Appeal
- Portable
- Convenient Reach-In
- Sales Appeal
- Easily Serviced
- 36" Fluorescent Light
- 9 Cubic Foot
- Commercial Open Type Compressor
- 5 Bushel of Packaged Ice
- Freon Refrigeration

Specifications:

Height of Back: 64" overall.
Height of Front: 40½" overall.
Length: 48" overall.
Width: 27" overall.
Display Rack: 2 shelves for display.
Canopy: Stainless steel.
Construction: 20-gauge steel.
Finish: DeLuxe baked enamel.
Insulation: 4", all sides and bottom.

Single Unit \$335.00
(F. O. B. Factory)

Copyright 1948 by Ellis J. Hanson, LaPorte, Indiana

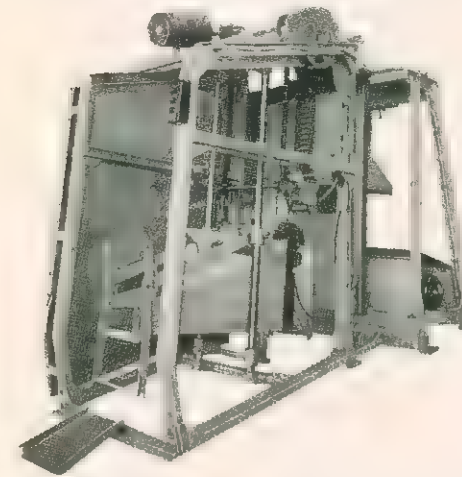

The compactness and portability of the Dispenser makes it possible to place this unit in the most desired spot in a store or entrance of a place of business. The modern design and the eye-appeal of the Dispenser with a flood of fluorescent light displaying the product calls the attention of the customers to the Dispenser. The modern method of serve-self is incorporated in the Dispenser as all the customer has to do is to reach in and take out a bag or carton of package ice.

The INDEX Line

AUTOMATIC ICE CUBERS

In the Type C Cuber you get perfect cubes because the ice-elevating carriage slides on fixed vertical shafts; bronze-bushed bearings support the carriage rigidly at four points. Result: the cake of ice cannot swing or sway; spring guide holds it firmly. No misalignment of the cake in relation to the saws can take place — and you get perfectly cut ice cubes consistently and regularly.

TYPE C AUTOMATIC CUBER

Perfect Cubes - Trouble-Free Performance
Safer Operation

Saw-plate and ice carriage of the Type C Cuber are designed to operate with the least and simplest mechanical motion—in a straight line of cross movements. Actual cubing is started by pushing "start" button. This brings saw motor to normal operating speed. Selector switch is then turned from "safe" to "run." And that is all. The Type C Automatic Ice Cubing Machine will handle a standard 300 or 400-lb. cake of manufactured ice, 11"x22" or 11½"x22½", producing 1½" square cubes at an average output of approximately 19,000 cubes per hour. Cubes are discharged at rear of machine, 15 inches above the floor. Prices include complete mechanical and electric equipment for 2- or 3-phase (3-wire) 60 cycle, 220-440 volts AC. (Extra cost for 2-phase 4-wire—\$95.00). Machines are shipped wired complete to large enclosed switch box on machine. Terminals are tagged for main line connections—main line wall breaker switches.

(Prices on request)

STANDARD ICE SIZING UNITS

STANDARD MODEL S-10AE

The new S-10AE unit is assembled with a No. 540 improved Creasey Ice Breaker and vertical elevator built into a compact, independent unit having a capacity up to 10 tons per hour when producing graded ice. The 24-inch diameter rotary screen produces four graded sizes, which are discharged into storage bins of ample size for direct bagging. Each bin is provided with two bagging gates for loading containers. Independent motor-drives are provided for breaker-elevator and rotary screen. The rotary screen and hoppers are shipped disassembled to facilitate handling and assembly in storage. All parts will pass through a 30-inch doorway.

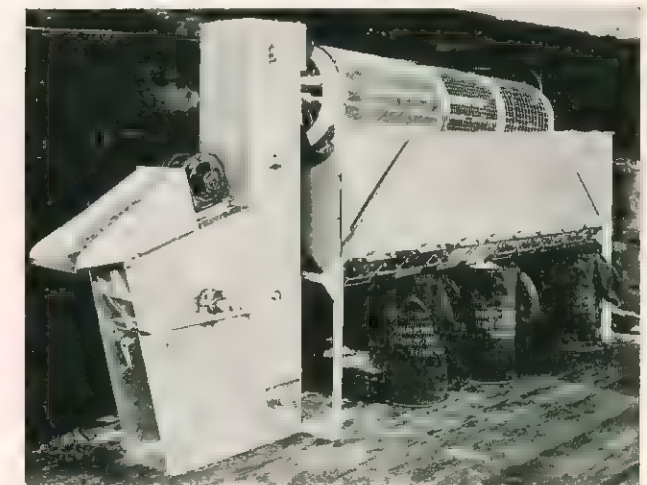

Complete with motor and starting equipment for 2-3 phase, 60 cycles, 220-440 volt.

STANDARD MODEL S-5C

The Model S-5C Standard Ice Sizer is a complete, self-contained unit incorporating the latest improvements in ice breaker design and screen arrangement for the medium and smaller plants. Furnished complete with motor for 2-3 phase, 60 cycles, 220-440 volt. F.O.B. factory.

STANDARD MODEL S-10CE

The Model S-10CE is identical with Model S-10AE except for height and hopper storage capacity. This unit requires a clear ceiling height of 9 ft., 3 in., permitting larger storage facilities for bagging, maximum width 35 inches. Complete with motor and starting equipment for 2-3 phase, 60 cycle, 220-440 volt. F.O.B. factory.

We manufacture all styles of Coupon Books. Permit us to give you prices on your season's requirements. The employees of The Index Coupon & Supply Company are especially skilled in this highly specialized work and the printing, perforating and count are guaranteed perfect.

COUPON BOOK PRICE LIST

Based on Book of Eight Pages

Covers, best grade stock. Coupons, best grade sulphite paper. Two receipts of sulphite bond, bound inside of front or back cover.

Price per 1,000		2 $\frac{3}{4}$ x5 $\frac{3}{8}$	2 $\frac{1}{2}$ x5	2x5
500	Books, lot	\$22.50	\$22.00	\$21.90
1,000	Books	34.00	33.50	33.40
2,000	Books	29.50	29.00	28.90
3,000	Books	27.00	26.50	26.40
4,000	Books	24.90	24.40	24.30
5,000	Books	24.00	23.50	23.40
6,000	Books	23.50	23.00	22.90
7,000	Books	23.00	22.50	22.40
8,000	Books	22.50	22.00	21.90
9,000	Books	22.00	21.50	21.40
10,000	Books	21.50	21.00	20.90

Additions and Deductions: Scale prices are based on eight pages of coupons. In quantity column where 500 is shown, add 30c for each additional page of coupons. Deduct 30c for each page of coupons under eight. In the quantity of 1,000 or more books, add 60c for each page of coupons over eight; under eight pages, deduct 60c per page.

Cardboard Coupons: On eight pages the extra charge for cardboard coupons is \$2.00 per 1,000 books; for less than eight pages, deduct 15c per page and more than eight pages, add 60c per page. For example: 1,000 books, 2x5, 10 pages of cardboard coupons:

8 pages of paper coupons.....	\$33.40
Add for cardboard coupons.....	2.00
Add for 2 extra pages.....	1.20
Total cost	\$36.60

Colored Covers: Unless specified, covers are manila color. For other colors, add \$1.00 per thousand books.

Extra Inserts: Scale prices include two inserts such as receipts, reminders or notes, bound inside cover. For each additional insert, add per thousand:

1,000 Books.....	\$3.00	4,000 Books.....	\$2.00
2,000 Books.....	2.75	5,000 Books.....	1.75
3,000 Books.....	2.50	6,000 Books up ..	1.50

Special Advertising or Reading Matter on Covers: For special (other than stock plates or forms) reading or advertising matter printed on inside or outside of cover pages an extra charge is made of \$5.00 for each page. This charge covers entire order and is not "per 1,000."

Extra Printing on Back of Coupons: Add 10% to scale.

Carbonized Receipts: Add 75c per 1,000 books. This charge in all cases should be in addition to full scale price with no prior deduction for eliminating one receipt.

Books With Sealed Ends: A flat charge of \$2.50 per 1,000 books is made.

WEATHERPROOFED SIGNAL CARDS

Coated Both Sides With Paraffine Wax After Printing

Only highest quality 6-ply poster board and cardboard are used in making "Index" Ice Cards. The very highest grade sun-proof inks are used in printing. We are the nation's largest manufacturers of Signal Cards and can reproduce your design if it is not shown here. Union Label if desired.

We Will Print "12 1/2" on Any Card Instead of "75" if Specified

ICE SIGNAL CARDS PRINTED IN THREE COLORS

CARD NO. 342—Size 9x9

CARD NO. 371—Size 9 1/4 x 9 1/4

CARD NO. 361—Size 8 1/2 x 8 1/2

Color and figure combination as shown above is furnished unless different colors or figures are specified. This card may be had as "stock card," without imprint, not waxed per hundred \$3.50

Center space and wider margin afford opportunity to advertise your business. Prepare your own copy if desired, otherwise we will use copy as above. Color and figure combination illustrated is standard, but other combinations can be had if specified.

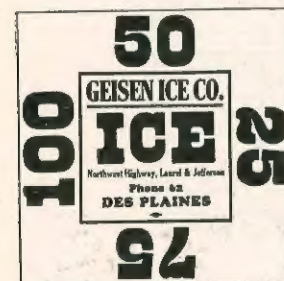

Same card as No. 371, except has smaller margins. Color and figure combination shown in illustration is standard, but other figure and color combinations can be had without extra charge.

How to order

These handy Order Blanks are for your convenience in ordering by mail. Folded twice they will fit any standard size envelope. You may also your regular Purchase Order form, but be sure to include following information:

1. Name and complete address.
2. Catalog number on each article ordered.
3. Quantity and full description of each article, including sizes, etc.
4. Shipping instructions.
5. Whether shipment is to be made Prepaid, Charge or Collect.

Payment

If you have NO OPEN ACCOUNT, enclose remittance with your order. When ordering shipment by parcel post or other prepaid transportation, include postage with your remittance. (See Parcel Post Rate table).

Except for Parcel Post Shipment, add 3% Federal Tax to cost of shipping. Also enclose a sufficient amount to cover your local tax, if any. We will promptly refund you any overpayment. (If you have AN OPEN ACCOUNT and do not specify method of shipment, we will ship best way.)

Local Taxes

If you are subject to a local or state tax, be sure to include a sufficient amount to cover this item.

SHIPPING INFORMATION

Parcel Post

Packages weighing up to 70 lbs., and measuring not more than 100 inches around the combined length and girth (distance around at widest point), can be sent by parcel post. Consult Parcel Post Rate table in figuring amount of your postage. On shipments weighing over 8 ounces, postage rates are figured on the next highest full pound.

Post Office Money Order Charges

The Post Office makes the following charges for Money Orders, regardless of where they are purchased.

Amount	Charge	Amount	Charge
Up to \$ 2.50.....	6c	\$20.01 to \$40.00.....	15c
\$ 2.51 to 5.00.....	8c	40.01 to 60.00.....	18c
5.01 to 10.00.....	11c	60.01 to 80.00.....	20c
10.01 to 20.00.....	13c	80.01 to 100.00.....	22c

For amounts above \$100, purchase additional Money Orders at the same charges as shown above.

Parcel Post C.O.D. Fees

On parcel post C.O.D. shipments, in addition to the price of the merchandise and regular parcel post charges, we will bill you for the C.O.D. collection fee which we are required to pay the Post Office, as follows:

Amount Due	Fee	Amount Due	Fee
Up to \$ 2.50.....	15c	\$25.01 to 50.00.....	40c
\$2.51 to 5.00.....	20c	50.01 to 100.00.....	50c
5.01 to 25.00.....	30c		

In addition the Post Office collects a Money Order fee for forwarding the total amount to us.

PARCEL POST RATES

The table below gives the parcel post rates for distances up to 1,000 miles from shipping point. If in doubt about your parcel post zone, consult your local Post Office.

BLACK EXTRUDED SYNTHETIC RUBBER GASKETS

These Black Extruded Synthetic Rubber Gaskets make an unusually efficient all-rubber gasket for reconditioning ice and mechanical refrigerator doors. They are the same quality as that used on original equipment, and have long life. These gaskets are very resilient, grease-resisting, odorless and non-staining. Come in black rubber only. These styles will fit almost all of the popular makes of refrigerators, and if other styles are wanted, please send a diagram or sample of the gasket desired. We will do our best to match the gasket submitted.
